

2010 Membership is now open!

February 2010 Newsletter Vol 1

Season Opener is coming!

Guys and Gals,

April 10th is right around the corner and there's still so much to be done. Prepare the bikes, make sure your all geared up, get that pop-up tent you've been eye-ballin'. But most of all...Become a Member of NJ MiniGP! Just visit www.njminigp.com and fill out your membership form. You can pay via Paypal or with a credit card. You can also register for any events on the schedule just by clicking on it once you have your membership completed. This will drastically ease your morning preparations the day of the event.

Big things this season:

By big things, I mean big bikes. We will be running a super-moto class at all practice and race days. SuperMoto will be defined as all motard chassis bikes from 249cc and up.

We have a 9 race killer series suited for bikes of all types and sizes. Most bikes will be able to run multiple classes giving you, the rider, a ridiculous amount of track time on race days.

On top of that 9 race series is going to be our 5 race endurance series.

This will be limited to F2 bikes and below. The teams will consist of two riders on a maximum of two bikes per team. These

races will be held at the end of select practice days. At the end of the endurance season there will be two 4 hr races to really mix up the series.

Camping is the name of the game this season!

Don't miss out on the campin', grillin' and chillin'. Call the tracks for details and pricing. [NJMP info](#) [OVRP info](#)

NJ MiniGP is looking for Series Sponsors!

We need you guys to help us keep this great club going. Track fees go to tracks so we need help buying trophies, swag and supplies. We also need to fix rentals, pay the help, supply emergency medical staff, etc... Anything helps. Just fill out the [Sponsorship Form](#) and contact us for our mailing address.

Things you really gotta know:

Tech inspection is a serious job. We will be checking bikes for all sorts of safety measures. Proper catch cans, freely returning throttles, loose chains, etc... We need these types of things to be addressed before we let anyone on track. We're a safe club for good reason. We will also be making sure all kids have chest protectors as required in our rulebook. This is an extremely important safety measure. We can help with all of these items so don't hesitate to contact us at info@njminigp.com.

Thanks
